## Invitation Letter

Date: 26.05.2023

To Prof. Dr. Sadhana Natu,  
Associate Professor & Head  
UG & PG Department of Psychology  
Modern College Ganeshkhind Autonomous, Savitribai Phule Pune University

Dear Dr. Natu,

On behalf of Aidbees, CSEL and FLAME University I would like to invite you to work with us on the project of developing tools to measure kindness at workplace in India. Aidbees is on its way to building psychometric assessments to measure kindness at the workplace for two target populations: young professionals and CXOs in industry. The team from the Center for Social Emotional Learning (CSEL) is working to build and validate these tools for AIDBEES. Dr. Shalaka Shah and Dr. Sairaj Patki from FLAME University are leading the academic aspect of the project by providing guidance and expertise in tool development and research associated with that.

We humbly request you to support in evaluating the first round of item pool generated for the tools below. The tools will not be applicable to the Government organizations and Armed Forces as their work environments are totally different. All other workplaces shall be the target audience for the tool.

- 1) One is for the young professionals, the middle level employees who hold leadership positions.
- 2) Chief Officers (CXOs) who are the highest level of execution.

**Terms of reference:** I request you to critically look at all items of each tool and approve or disapprove them providing brief feedback in the column next to each item. Your decision pertains to the kindness employees show, express verbally and by their actions at Indian workplaces. For your convenience we have provided operational definitions for all the five factors of kindness based on our literature review and existing kindness tools. Please evaluate the sequence of items, wording of items, context of items, whether the items represent the definition we have created for the five factors. And any other aspect that you think we should consider.

**Timeline:** We would appreciate it if we can get feedback from you until **3<sup>rd</sup> June 2023**.

**Remuneration/Honorarium:** We are proposing Rs. 10000, and we are open to discussing your expectations.

Thank you very much,  
I look forward to our positive association.

Dr. Shalaka Shah, Asst. Prof., Dept of Psychological Sciences, FLAME University

Past examination has shown that data framework support is significantly required inside early item cost improvement. Taking this on, we led interviews among discrete assembling industry specialists, trying to distinguish execution challenges and, in addition, to foster a prerequisites model to conquer current difficulties. To assess research results, we joined a co-advancement studio at SAP SE, during which business area specialists from various enterprises effectively assessed our methodology. In synopsis, the idea acquaints a promising arrangement with further develop data framework support during early item cost streamlining.

(57) Abstract :

ABSTRACT [500] Our Invention Process for synthesis of Biodegradable plastics from pomegranate peels. Bioplastics are known since years but came into limelight in recent times after hazards of conventional plastic were visible. Many methods of synthesis were discovered for its preparation but still its use was limited due to high production cost. Taking this factor into consideration a novel cost effective method to synthesize the biodegradable plastic was essential and hence the invention

(57) Abstract :  
 Abstract: Globally, cities are experiencing an increase in traffic congestion. Urban population growth, ageing infrastructure, and ineffective and disorganized traffic signal timing are all contributing reasons. Signal Timer problems, such as out-of-sync timers, are among the main causes of traffic congestion, along with an excessive number of vehicles, road work, and accidents, say researchers.

This innovation's goal is to provide an example of how we can improve signal timing by utilising real-time traffic data and a traffic API to increase the effectiveness of existing traffic lights. A mathematical equation that adheres to the concept of equity supports the suggested solution.

subscribed by the two Consortia, i.e. subscription to INDEST-AICTE resources for universities and e-Shodhsindhu resources for technical institutions; and ii) access to selected e-resources to colleges. The N-LIST project provides access to e-resources to students, researchers and faculty from colleges and other beneficiary institutions through server(s) installed at the INFLIBNET Centre. The authorized users from colleges can now access e-resources and download articles required by them directly from the publisher's website once they are duly authenticated as authorized users through servers deployed at the INFLIBNET Centre.

**N-LIST: Four Components**

The project has four distinct components, i.e. i) to subscribe and provide access to selected e-Shodhsindhu e-resources to technical institutions (IITs, IISc, IISERs and NITs) and monitor its usage; ii) to subscribe and provide access to selected INDEST e-resources to selected universities and monitor its usage; iii) to subscribe and provide access of selected e-resources to Govt./ Govt.-aided colleges and monitor its usage; and iv) to act as a Monitoring Agency for colleges and evaluate, promote, impart training and monitor all activities involved in the process of providing effective and efficient access to e-resources to colleges.

The INDEST and UGC-INFONET are jointly responsible for activity listed at i) and ii) above. The INFLIBNET Centre, Gandhinagar is responsible for activities listed at iii) and iv) above. The INFLIBNET Centre is also responsible for developing and deploying appropriate software tools and techniques for authenticating authorized users.

**Note:** From Year 2014, N-LIST programme is subsumed under e-Shodhsindhu Consortium as college component. The colleges (except Agriculture, Engineering, Management, Medical, Pharmacy, Dentistry and Nursing) in India are eligible to get access e-resources under N-LIST programme.

**Sub: Queries Regarding Shodhganga and e-ShodhSindhu being received from Colleges: Clarifications**

The INFLIBNET Centre receives numerous queries from Colleges regarding membership to Shodhganga and e-ShodhSindhu. Following clarifications are being provided in this regard:

**Shodhganga:** Shodhganga is an Open Access Repository of full-text theses submitted to universities in India. Membership is not required to browse, view, search and download theses available in Shodhganga. However, INFLIBNET signs MoUs with universities so as to facilitate submission of electronic version of theses into Shodhganga and synopses/approved research proposals into Shodhgangotri. The eligible universities that signs MoUs with INFLIBNET Centre on Shodhganga are provided access to anti-plagiarism software. Colleges are not eligible for this benefit. (Details are available at <http://shodhganga.inflibnet.ac.in>)

**e-ShodhSindhu:** Colleges that are covered under 12(B) & 2(f) Sections of the UGC Act and are under direct purview of UGC are entitled to get access to e-resources under NLIST programme except for Colleges imparting education in Agriculture, Engineering, Management, Medical, Pharmacy, Dentistry and Nursing. NLIST is college component of e-ShodhSindhu. NLIST subscribes to a sub-set of e-resources that are subscribed under e-ShodhSindhu. As such, Colleges that are already getting access to e-resources under NLIST do not require membership of e-ShodhSindhu. (More details are available at <http://nlist.inflibnet.ac.in/members.php>)
